### Supervisor of Elections seeking bilingual Election Workers

The Clay County Supervisor of Elections office is inviting registered voters who are able to read and speak Spanish and English fluently to become part of its Election Day team.

It is important to have bilingual Election Workers to meet the needs of all voters in the county. If you are bilingual and registered to vote in Clay County, this is an excellent opportunity to serve your community.

Bilingual individuals are being recruited to work as inspectors and deputies at precincts for the August 28<sup>th</sup> and November 6<sup>th</sup> Primary and General Elections. Inspectors check in and issue ballots to eligible voters, monitor and explain how to use the voting equipment and offer any other assistance needed; Deputies maintain order outside the polling place. Both inspectors and deputies earn \$150 per election.

All Election Workers must complete a minimum of two to three hours of training before each election. Election Workers must report to their assigned polling places by 6 a.m. on Election Day and help to prepare the polling place for voting, which begins at 7 a.m. Workers must also help to close the polling location after the polls close at 7 p.m. and after all voters have voted.

If you are bilingual and interested in learning more about working at the polls for the 2018 Primary and General Elections please contact our office at [ElectionWorker@ClayElections.com](mailto:ElectionWorker@ClayElections.com).

For more information, visit our website [www.ClayElections.com](http://www.ClayElections.com) or call (904) 269-6350 if we can assist you.
